From SIR CLIFFORD ALLBUTT, Regius Professor of Physic, Cambridge.
[Residence St Radegunds, Chaucer Road.]

Dear Miss Mason

Many thanks for
kindly thinking of me & sending
me your pamphlet on The
Basis of National Strength. The
~~little~~ is of the happiest.
I read your paper carefully

as King appeared ^{ilp2 cmc 300} & am (to)
to have them in this permanent
form, which by the way does
credit to Ambrose!

We desire our kind regards
& hope that you are family
well.

Dear Miss Mason,

I am very much obliged to
you for sending me your letter on
the Basis of National Strength.
I am in complete accord with
your wise treatment of a puzzling
theme. I trust your argument may
prove of influence.

Yours very truly

TRINITY LODGE,
CAMBRIDGE.

February 8th 1913

Dear Miss Mason,

How very kind
of you to send me
your thoughts on
"The Basis of
National Strength".

I am looking forward
to a little relief
from

pressure on
Monday, and then
I hope to profit
by your kindness.
It must be, I am
sure, a happier
to you as the
years pass on to
see the increasing
good upon the
condition which
is enjoyed by the

English Association.

Much of the seed
which you so generously
sowed has had,
and is having, its
harvest.

When I tell your
present address,
and certain references
in your pages to
a very great man
who loved Ambleside,

I suspect that you
 sometimes find your
 way across the
 "Stephens Store"
 to Miss Arnold at
 Fox Row.

If so, when next you are
 there, may give her
 a warm and
 respectful greeting
 from me.

Believe me to be
 very truly Yours
 H. Montague Butler
